

Predator Thresholds & ThryvOn Cotton on a Commercial Scale
Maricopa Agricultural Center
37860 W Smith Enke Rd, Maricopa, AZ 85138
November 15th, 2023

AGENDA

Course Description: This workshop is a follow-up to the August 2nd hands-on field day at the Ak-Chin Farms. The session will be dedicated to the review of commercial-scale research on implementation of predator thresholds for insect management and modified Lygus thresholds for ThryvOn cotton. The workshop will include updates and a discussion on the “real-world” results of the commercial-scale research conducted at the Ak-Chin Farms.

1:00pm – 1:30pm	Overview of the Season: Implementing Pest Management on the Ak-Chin Community Farms	Peter Ellsworth, Univ. of Arizona
1:30pm – 2:00pm	Predator Thresholds: Why and How to Use Them for Whitefly Management	Peter Ellsworth Univ. of Arizona
2:00pm – 2:30pm	ThryvOn Cotton: Purpose, Application, and Grower Adoption	Peter Ellsworth Univ. of Arizona
2:30pm – 3:00pm	Discussion: Implementing Predator Thresholds and ThryvOn Cotton in Your Fields	Peter Ellsworth Univ. of Arizona
