

Dow AgroSciences

All pesticide products can be tank-mixed with Isoclast insecticides (Sequoia, Transform, Closer), except those containing the active ingredient(s) listed below.

Read carefully and follow all applicable use directions, precautions, and limitations on the respective product labels. It is the pesticide user's responsibility to ensure that all products in the mixture are registered for the intended use. Users must follow the most restrictive directions for use and precautionary statements of each product in the tank mixture.

Pesticide Type	Active Ingredient
Insecticide	Spinosad
