What is IPM? Integrated Pest Management (IPM) is a sensible, environment-friendly and effective way to solve pest problems. IPM works in any situation, and is the best way to manage pests anywhere!

Who should attend the Arizona School IPM Conference? Anyone maintaining commercial or residential buildings and landscapes, with an interest in safe and healthy environments to live, learn, work or play.

Highlights:
- Continuing Education Units (CEUs): Pesticide applicator licensees can earn 7 CEUs from the AZ Dept. of Ag., Division of Pest Management (formerly OPM) for attending the entire conference. (Please make sure to bring your License Number to the venue.)
- Separate INDOOR and OUTDOOR tracks
- Talks and hands-on sessions by experts on various aspects of school and community IPM.
- Opportunities to share your experiences and questions with your peers, discuss strategies and find solutions to pest issues you are facing.
- Opportunities to give feedback on topics you would like to see in future events.
- Visit and network with sponsoring vendors from industry and other organizations.
- Lunch provided on-site.
- Disabled access available.
